Unfit for labor: 5 (5 fyrd)

Economy

15 acres of farmland:

2 inside the palisade

13 outside

Output:

Each acre of land is capable of subsisting 8 individuals.

15 acres are worked by families of 3-5, assisted by 3 or more thrall.

8 acres have their output boosted because the families own a beast of burden (oxen)

Plots of this type have their output boosted by 25%

Effective total yield of 17 acres

Produce:

6 acres of oats/barley (+1 extra)

2 acres of nightshades

3.5 acres of cabbage (+1 extra)

.5 acre of honey

1 acre of onion

1 acre of leeks

1 acre of peas

Land:

The land is poor and lacks richness, there are only 5-10 acres of arable land remaining in the area surrounding the hamlet. Weather tends to negatively impact harvests, although abundant fishing makes up for shortfalls.

Supplements:

Occasional supply of fox, bear, snake, wolf, squirrel, muskrat, rat and other fauna

Regular supply of fish equivalent to a ton a month

Regular supply of wild berries and grasses
