

(2:00:24 AM) xscipiosdreamx: yo
(2:00:26 AM) xscipiosdreamx: this is krause
(2:00:53 AM) pikifou99: orly
(2:00:58 AM) xscipiosdreamx: indeed
(2:01:05 AM) pikifou99: you have time now?
(2:01:09 AM) xscipiosdreamx: yep
(2:01:12 AM) pikifou99: k
(2:01:14 AM) pikifou99: so
(2:01:17 AM) pikifou99: im in alesia
(2:01:30 AM) pikifou99: like in shrek 2
(2:01:31 AM) xscipiosdreamx: sec let me get my notes
(2:01:38 AM) pikifou99: talk about it talk about it talk about it
(2:02:08 AM) xscipiosdreamx: didn't see it lol
(2:02:11 AM) pikifou99: damn
(2:02:22 AM) xscipiosdreamx: at the time i was making a game called shreck
(2:02:27 AM) xscipiosdreamx: which means terror in german
(2:02:33 AM) xscipiosdreamx: and was so angry that the movie was called shrek
(2:02:37 AM) xscipiosdreamx: i couldn't stomach it
(2:02:45 AM) pikifou99: you should sue dreamworks
(2:02:55 AM) xscipiosdreamx: i would have if i wasn't like 14 at the time
(2:03:10 AM) pikifou99: ah well, the world is unfair
(2:03:31 AM) xscipiosdreamx: so yes you are in the main street of alesia, a bustling bazaar where merchants come to exchange and sell wares
(2:03:43 AM) xscipiosdreamx: there are various stalls set up for hawking goods
(2:03:58 AM) pikifou99: (say go everytime youre done with a description so i dont interrupt)
(2:04:07 AM) xscipiosdreamx: go
(2:04:23 AM) pikifou99: i clutch my bags and keep everythign close so i dont get pickpocketed
(2:04:36 AM) pikifou99: i award myself some xp for being so uncharacteristically street savy
(2:04:45 AM) pikifou99: and i search out a fletcher
(2:05:13 AM) xscipiosdreamx: there are a few fletchers on display, but one character catches your eye
(2:05:54 AM) xscipiosdreamx: a bald man of middle aged with a plain white tunic on works on a bow some feet away from you
(2:06:01 AM) xscipiosdreamx: it is a bow you have not seen before, and only heard of
(2:06:06 AM) pikifou99: !
(2:06:09 AM) xscipiosdreamx: a recurve bow
(2:06:23 AM) xscipiosdreamx: he looks up at you and grins as you approach
(2:06:31 AM) xscipiosdreamx: go
(2:07:03 AM) pikifou99: i grin back and i whip out my dragon tooth thats wrapped up like a papoos (sp)
(2:07:33 AM) pikifou99: and flah a bit of it at him
(2:07:53 AM) xscipiosdreamx: "What do we have here, lad?" he barks forward in a hoarse voice
(2:08:05 AM) xscipiosdreamx: "You're cluttering my work table!"
(2:08:27 AM) xscipiosdreamx: go

(2:08:42 AM) pikifou99: what type of bow are you working on there, ive never seen that design

(2:09:27 AM) xscipiosdreamx: "It is what the centaurs use... takes a man's whole strength and sends it into the bow. Each one has to be custom made to the strength of a man, and only a man of that strength can string it."

(2:09:40 AM) xscipiosdreamx: "Useful on horseback because its compact... and I am one of the few who know how to make it"

(2:10:21 AM) xscipiosdreamx: "I have spent years in the field learning the craft, trying to be the best worker of bows for those who wish for weapons capable of cutting armored knights in two"

(2:10:52 AM) xscipiosdreamx: "Name's Alric the Old, and you?"

(2:11:03 AM) pikifou99: egil of the 9 wounds

(2:11:20 AM) pikifou99: pleased to meet you. have you ever worked with bone?

(2:11:40 AM) xscipiosdreamx: "Yes, the middle layer of every recurve bow is composed of bone"

(2:11:50 AM) xscipiosdreamx: "A flexible antler-type stuff, very durable"

(2:12:15 AM) xscipiosdreamx: "the centaurs laminate all sorts of wood and bone into the bow to enhance its strength"

(2:12:59 AM) pikifou99: how much would it cost and how long would it take a man of your skill to make me a bow out of this (the tooth)

(2:13:47 AM) xscipiosdreamx: "Hrm..."

(2:13:57 AM) xscipiosdreamx: he rubs his chin and motions for you to hand him the fang

(2:14:03 AM) pikifou99: i do

(2:14:27 AM) xscipiosdreamx: He examines it carefully

(2:14:36 AM) xscipiosdreamx: "Well... let's see now.."

(2:15:18 AM) xscipiosdreamx: "I could splinter the bone and use it as a laminant in the construction of a recurve bow... or I could make a solid construction longbow"

(2:16:34 AM) xscipiosdreamx: "It would take 3 weeks and 300 gold to construct the recurve bow and 2 weeks and 200 gold to construct the longbow"

(2:16:42 AM) pikifou99: i see

(2:16:49 AM) pikifou99: let me just consult my gm on the matter

(2:17:05 AM) pikifou99: in game terms whats the difference between the 2?

(2:17:39 AM) xscipiosdreamx: the composite bow has a farther range and can factor in strength modifiers, it's also more flexible, can be compacted

(2:17:50 AM) xscipiosdreamx: composite = recurve

(2:18:03 AM) xscipiosdreamx: the longbow is a longbow

(2:18:16 AM) pikifou99: im pretty sure my str modifiers for bows is 0

(2:18:28 AM) pikifou99: you need a custom made bow and like 17 or more str iirc

(2:18:51 AM) pikifou99: also since the composite bow has more force is it suitable for sheaf arrows or just he longbow

(2:19:06 AM) xscipiosdreamx: only a longbow can fire sheaf arrows

(2:19:18 AM) pikifou99: ok, am i correct about the str modifier?

(2:19:31 AM) xscipiosdreamx: yeah, it wouldn't add any damage unless you had a higher strength

(2:19:42 AM) xscipiosdreamx: sec

(2:19:48 AM) xscipiosdreamx: let me see the stats

(2:20:25 AM) xscipiosdreamx: actually correction

(2:20:34 AM) xscipiosdreamx: the composite bow could also be a short bow

(2:20:42 AM) xscipiosdreamx: its just two different methods of construction

(2:20:51 AM) xscipiosdreamx: either a composite bow or a solid construction

(2:21:38 AM) pikifou99: hm

(2:22:14 AM) pikifou99: so the disadvantages of longbow are just that its cumbersome

(2:22:43 AM) xscipiosdreamx: k let me re-explain

(2:23:01 AM) xscipiosdreamx: Long Bow

The long bow is similar to the short bow, except that the staff is about as high as the archer, usually 6 to 6 1/2 feet. It has better range than the short bow, and can fire both flight and sheaf arrows.

(2:23:19 AM) xscipiosdreamx: Composite Bows

Composite bows are long bows or short bows whose staves are made from more than one type of material. This gives greater flexibility, and thus better range. These were developed after the normal long bow.

The second material that makes up a long bow may be anything from another type of wood to bone, sinew, or metal. The different materials are usually glued together.

An adventurer who wishes to gain a damage bonus from high Strength when wielding a bow must purchase specially crafted bows. Such a bow costs the normal price for a bow plus the normal price again for every bonus point desired. Thus, a warrior with 17 Strength who wants a long bow (base cost 75 gp) that gives him his +1 bonus to damage rolls would have to pay a total of 150 gp. The same fighter with 18/00 Strength (+6 bonus to damage) would pay 525 gp. These bows can be strung and drawn only by characters of that Strength or higher. Others attempting this must make a successful bend bars/lift gates roll.

(2:24:01 AM) xscipiosdreamx: composite bow = longer range, str modifier damage

(2:24:45 AM) pikifou99: i understand that composite and single material are different designs

(2:24:54 AM) pikifou99: but both logn and short bows can be composite or single material

(2:24:59 AM) xscipiosdreamx: ya

(2:25:06 AM) pikifou99: composite has all advantages over single material

(2:25:13 AM) pikifou99: and my question was :

(2:25:36 AM) pikifou99: the longbow has all advantages over a short bow. -but are there any disadvantages-

(2:25:46 AM) xscipiosdreamx: its large

(2:26:18 AM) pikifou99: thats gay that its 1 dmg for 17 and 6 dmg for 18 and nothing for anything else
heh

(2:26:59 AM) xscipiosdreamx: 1 point of damage is quite a bit so only people with the most excellent strength have modifiers

(2:27:10 AM) xscipiosdreamx: anything about 18 strength is superhuman

(2:27:13 AM) xscipiosdreamx: *above

(2:27:17 AM) pikifou99: ja

(2:27:19 AM) xscipiosdreamx: *supernatural

(2:27:30 AM) pikifou99: ill go with a long composite bow then
(2:27:51 AM) pikifou99: i dont plan on getting another one ever, might as well go all out.
(2:28:14 AM) xscipiosdreamx: this bow isn't going to be magical, you realize?
(2:28:20 AM) xscipiosdreamx: just an extremely well made bow
(2:28:28 AM) pikifou99: not at construction but itll be suitable for enchantment in the future yes?
(2:28:40 AM) xscipiosdreamx: most likely
(2:28:53 AM) pikifou99: k sounds good.
(2:29:08 AM) pikifou99: "ill go wit a long recurved bow for 200 gp"
(2:29:27 AM) pikifou99: "i wont insult your talent by trying to haggle as your price is more than fair as is"
(2:29:32 AM) xscipiosdreamx: "that's 300 gold lad"
(2:29:40 AM) xscipiosdreamx: "200 gold for the standard long bow"
(2:30:02 AM) pikifou99: "1000 pardons"
(2:30:04 AM) pikifou99: (kek)
(2:30:10 AM) pikifou99: 300 it is.
(2:30:29 AM) xscipiosdreamx: i have your character sheet right?
(2:30:48 AM) xscipiosdreamx: ya
(2:30:54 AM) pikifou99: yes
(2:30:56 AM) xscipiosdreamx: Ok well FYI for next time
(2:31:04 AM) xscipiosdreamx: its going to give you +1 to damage and THACO
(2:31:10 AM) xscipiosdreamx: but it isn't a magical weapon
(2:31:16 AM) pikifou99: oh word!
(2:31:34 AM) pikifou99: awesome.
(2:31:48 AM) xscipiosdreamx: the actual bow itself is as strong as iron
(2:31:50 AM) xscipiosdreamx: as well
(2:31:55 AM) xscipiosdreamx: and only weighs 3 lbs
(2:32:01 AM) pikifou99: "will any of that bone be salvageable by any chance, for arrowheads"
(2:32:29 AM) xscipiosdreamx: "Not with the recurve long bow, I will have to use all of the materials"
(2:32:48 AM) pikifou99: "fair enough. ill leave you to your business now. thank you very much/"
(2:32:59 AM) xscipiosdreamx: "Be well
(2:33:05 AM) xscipiosdreamx: anything else you want to do?
(2:33:12 AM) pikifou99: yup
(2:33:20 AM) pikifou99: find an armorer for the dragon scale buckler
(2:34:05 AM) xscipiosdreamx: as per Helfdane's suggestions, you might want to visit the Temple of Volund, the high priest Cenwalh is considered to be a master smith
(2:34:16 AM) pikifou99: i head on over
(2:34:39 AM) xscipiosdreamx: The area outside the temple is bustling with merchant stalls, smiths of lesser renown peddling their goods
(2:34:48 AM) xscipiosdreamx: the temple itself appears to be a marketplace in itself
(2:34:59 AM) xscipiosdreamx: within the classical structure and behind the great columns are roaring hearths
(2:35:07 AM) xscipiosdreamx: and the interior air is bristling with cinders
(2:35:41 AM) xscipiosdreamx: dozens of craftsmen hold molten blades toward an idol of a massive

ascomanni man holding a hammer

(2:36:02 AM) xscipiosdreamx: they worship in their own way, which is creating and forging

(2:36:08 AM) xscipiosdreamx: go

(2:36:25 AM) pikifou99: i look around for someone who seems to be making shields specifically

(2:36:57 AM) xscipiosdreamx: A few men are making shields, one near the entrance porch into the temple

(2:37:24 AM) xscipiosdreamx: he is a portly fellow, stained by dirt and wet with sweat, with a massive forked beard

(2:37:47 AM) xscipiosdreamx: he does not appear to be Cenwalh, but is working on forging the boss for a shield

(2:37:48 AM) xscipiosdreamx: go

(2:38:09 AM) pikifou99: i play up the manlyness and greet him

(2:38:15 AM) pikifou99: greet*

(2:38:25 AM) xscipiosdreamx: "Yeah, what is it?"

(2:38:59 AM) pikifou99: ive heard a legendary smith lives and works here, goes by the name of cenwalh

(2:39:29 AM) xscipiosdreamx: "Yes, hes over there.."

(2:39:34 AM) pikifou99: i go

(2:39:37 AM) pikifou99: and thank him

(2:40:19 AM) xscipiosdreamx: he points to a man in a dark red robe by the large idol of the smith, he has a forest of bristling black hair on his face and is melting metals onto the base of the idol, which slowly spills down and collects at the base of it

(2:40:37 AM) xscipiosdreamx: he is flanked by several other men in red robes

(2:40:45 AM) xscipiosdreamx: they have work belts and smithing hammers at their side

(2:40:55 AM) xscipiosdreamx: the other priests appear to be helping him

(2:40:57 AM) xscipiosdreamx: go

(2:41:25 AM) pikifou99: i look around to see if anyone else is try to talk to him and if theres aproper way to greet him

(2:41:37 AM) pikifou99: trying*

(2:42:13 AM) xscipiosdreamx: you wait a few moments, a man off the street comes up to him and hands him a small piece of metal, which he throws onto the idol hearth for sacrifice

(2:42:36 AM) xscipiosdreamx: he then chants onto the visitor in a language you have never heard

(2:42:46 AM) xscipiosdreamx: go

(2:42:56 AM) pikifou99: i make these eyes oO

(2:43:17 AM) pikifou99: i say hail cenwalh

(2:43:34 AM) xscipiosdreamx: "Hail Volund!" he says back in a deep, throaty voice

(2:43:48 AM) xscipiosdreamx: "For he created the earth!"

(2:43:56 AM) pikifou99: hail volund.

(2:44:27 AM) pikifou99: you are renown far and wide and ive travelled from hakensfjord in hopes that you would craft me a buckler out of this (show scale)

(2:44:59 AM) xscipiosdreamx: "Let me see it.. is that some sort of red brick?"

(2:45:05 AM) pikifou99: its a wyrm scale

(2:45:25 AM) xscipiosdreamx: "You have slain a wyrm? Let me have it"

(2:45:34 AM) pikifou99: nod and give it to him

(2:45:53 AM) xscipiosdreamx: His eyes open wide and he begins to fondle the material in awe

(2:46:11 AM) xscipiosdreamx: You can clearly see that he is running through all sorts of scenarios and work orders in his mind

(2:46:29 AM) xscipiosdreamx: "I thought that they were pushed into the mountains.. from the time of Clovis"

(2:46:40 AM) xscipiosdreamx: "Did such a thing truly exist? Tell me of it"

(2:46:47 AM) pikifou99: we found it north of hedgewik

(2:46:57 AM) pikifou99: it rode on a slick of lava and spew fire

(2:47:15 AM) pikifou99: on our first encounter it bit of my brothers arm and nearly killed him

(2:47:23 AM) pikifou99: but we bested it with a makeshift spear hedge

(2:47:25 AM) xscipiosdreamx: "These are the stories we tell the children!"

(2:47:33 AM) pikifou99: youre holding the proof in your hands.

(2:47:41 AM) xscipiosdreamx: "If this is truly the scale of a wyrm, then the fires of the Volund hearth will not destroy it"

(2:47:49 AM) xscipiosdreamx: "Prove this to me and I will work it, for a donation"

(2:47:55 AM) pikifou99: by all means.

(2:48:01 AM) pikifou99: wait

(2:48:18 AM) pikifou99: what do you mean a donation

(2:48:25 AM) pikifou99: what would be worthy

(2:49:11 AM) xscipiosdreamx: "My time is very valuable, if you donate to the temple of Volund, I shall consider working it into armor... yet, this piece of stone nailed to leather shall not resist the fires"

(2:49:16 AM) xscipiosdreamx: He hands it back to you

(2:49:25 AM) xscipiosdreamx: "Toss it into the hearth, and if it survives, I will consider it"

(2:49:32 AM) pikifou99: i toss it in

(2:49:48 AM) xscipiosdreamx: It lands on top of the molten fires and sinks down

(2:50:06 AM) xscipiosdreamx: After a few moments it pops back up

(2:50:11 AM) pikifou99: ::grin::

(2:50:22 AM) xscipiosdreamx: "By Volund, it is the skin of a wyrm!"

(2:50:34 AM) xscipiosdreamx: "Nothing made by the hand of man can resist this fire!"

(2:50:39 AM) xscipiosdreamx: "it is the soul of Volund himself!"

(2:50:54 AM) xscipiosdreamx: "Very well, tell me what you wish to be made"

(2:51:03 AM) pikifou99: a buckler

(2:51:05 AM) pikifou99: plx.

(2:51:33 AM) xscipiosdreamx: "Hrm..."

(2:52:06 AM) xscipiosdreamx: "I could work this into a shield for a donation of 400 gold"

(2:52:27 AM) pikifou99: i have an even better proposition.

(2:52:33 AM) xscipiosdreamx: "And that is?"

(2:52:45 AM) pikifou99: i will give you 2 more of these scales

(2:52:54 AM) pikifou99: for your own personal endeavors

(2:53:10 AM) xscipiosdreamx: "That is most generous, let it be so"

(2:53:15 AM) pikifou99: i let it be so.

(2:53:59 AM) xscipiosdreamx: "I can fashion it within a few moments if you wait here"

(2:54:08 AM) pikifou99: id be honored to watch you work

(2:54:31 AM) xscipiosdreamx: He takes several measurements of your arm using a piece of skin marked with lines

(2:54:46 AM) xscipiosdreamx: And sits down beside the great hearth under the idol

(2:55:00 AM) xscipiosdreamx: For a few moments he appears to be praying over the scale

(2:55:37 AM) xscipiosdreamx: And then he begins to fashion it into a buckler by weaving leather around the edge and back

(2:56:02 AM) xscipiosdreamx: The whole process only takes an hour or so

(2:56:06 AM) xscipiosdreamx: you are amazed at the speed of his work

(2:56:40 AM) xscipiosdreamx: He says another set of prayers over the shield and looks up to you from a divine trance

(2:56:45 AM) xscipiosdreamx: "Where are the other scales?"

(2:56:58 AM) pikifou99: i pull em out of my back pocket

(2:57:22 AM) pikifou99: hand em over and say "hail volund"

(2:57:22 AM) xscipiosdreamx: He takes them from you and gives you the buckler

(2:57:29 AM) xscipiosdreamx: "Hail!"

(2:57:38 AM) pikifou99: i bow and peace out back to the bazaar

(2:57:48 AM) pikifou99: id like to pawn off my current bow and arrows

(2:58:00 AM) xscipiosdreamx: 2 gold

(2:58:15 AM) pikifou99: for all of it?

(2:58:32 AM) xscipiosdreamx: Yeah, arrows are worthless except in massive quantities

(2:58:41 AM) xscipiosdreamx: and the bow is used and weathere

(2:58:43 AM) xscipiosdreamx: d

(2:58:56 AM) pikifou99: k i donated the 2 gold straight to a bum.

(2:59:07 AM) xscipiosdreamx: He has a heart attack

(2:59:14 AM) pikifou99: i go over to one of the lesser fletchers and ask how much 40 sheaf arrows would run me

(2:59:21 AM) xscipiosdreamx: sec

(2:59:28 AM) pikifou99: i better find that bum a year from now

(2:59:33 AM) pikifou99: a wealthy man who owes me his life

(3:00:04 AM) xscipiosdreamx: 6 silver each for the arrows

(3:00:15 AM) pikifou99: i have 25 or so

(3:00:28 AM) pikifou99: oh

(3:00:28 AM) xscipiosdreamx: 15 gold for 25 sheaf arrows

(3:00:36 AM) xscipiosdreamx: grr

(3:00:42 AM) xscipiosdreamx: 24 arrows

(3:00:43 AM) xscipiosdreamx: err

(3:00:48 AM) xscipiosdreamx: 24 gold

(3:00:50 AM) xscipiosdreamx: for 40 arrows

(3:01:00 AM) pikifou99: i say 20.

(3:01:10 AM) pikifou99: (gold)

(3:01:37 AM) xscipiosdreamx: You are unable to haggle him down ,you don't have the charisma or diplomacy skills

(3:02:18 AM) pikifou99: ok i agree on the 24 but i short change con/ panhandle 4 gold back

(3:02:38 AM) pikifou99: if he catches me i play it off as a mistake and act embarrassed

(3:03:15 AM) xscipiosdreamx: He counts the gold and realizes he is being cheated and refuses to sell his wares to you

(3:03:25 AM) pikifou99: douche

(3:03:29 AM) pikifou99: i appologize

(3:03:31 AM) pikifou99: walk away

(3:03:43 AM) pikifou99: walk back to the bazaar and pay some fucker 24g

(3:03:47 AM) xscipiosdreamx: Lol

(3:03:49 AM) xscipiosdreamx: done

(3:04:07 AM) pikifou99: hm

(3:04:19 AM) xscipiosdreamx: do you want the stats on the shield?

(3:04:44 AM) pikifou99: oh i figured it was just a 1 ac buckler for single targets

(3:04:52 AM) xscipiosdreamx: nay

(3:04:54 AM) pikifou99: hit me then

(3:05:16 AM) xscipiosdreamx: its +2 AC instead of 1

(3:05:27 AM) xscipiosdreamx: immunity to natural fire and heat sources to the wearer

(3:05:38 AM) xscipiosdreamx: 50% resistance to magical fires

(3:05:46 AM) xscipiosdreamx: 20% resistance to gas

(3:05:50 AM) pikifou99: :O

(3:06:19 AM) pikifou99: would you mind jotting that down on my sheet for me?

(3:06:21 AM) xscipiosdreamx: you feel like you are in a cold breeze while inside the temple

(3:06:42 AM) xscipiosdreamx: far too lazy but ill give you the same stats

(3:06:48 AM) xscipiosdreamx: the next time we play

(3:07:06 AM) pikifou99: kk

(3:07:15 AM) pikifou99: so

(3:07:22 AM) pikifou99: i have 176g left

(3:07:25 AM) pikifou99: and 2 scales

(3:07:34 AM) pikifou99: does my barental have a sheath?

(3:07:43 AM) xscipiosdreamx: Nope

(3:07:54 AM) pikifou99: i shop for a plain old petrify proof sheat.

(3:08:05 AM) xscipiosdreamx: If only petrifys those who it draws blood on

(3:08:11 AM) pikifou99: excellent

(3:08:17 AM) xscipiosdreamx: You can get a good quality sheath for 5 gold

(3:08:28 AM) pikifou99: i tip the dude 1 g.

(3:08:36 AM) xscipiosdreamx: He has a heart attack

(3:08:49 AM) pikifou99: i kek and walk over to the poachers section of the bazaar

(3:09:07 AM) xscipiosdreamx: Furriers and trappers, no real poachers

(3:09:28 AM) pikifou99: i look for a giant fur and fur accessories

(3:09:40 AM) xscipiosdreamx: There are many stalls selling all kinds of furs

(3:09:47 AM) pikifou99: whatever ppl of this time period would wear for cold weather travel and warring

(3:10:01 AM) xscipiosdreamx: wolf, fox and bear skins are the most common
